

SUPERIOR PROTECTION FROM HAIR & WATER FOR GROOMERS

GROOMING APRONS

Designed with groomers in mind, HairLess Grooming Aprons are available in two proprietary fabrics, each designed to make groomers comfortable throughout the whole day. Both fabrics repel dog hair, and any residual hair can easily be wiped off by hand.

SOLID FABRIC HairLESS APRON

Easy to clean with a damp cloth, no clothes washer needed.

Disinfect with a spray disinfectant.

Fast drying, generally within minutes without removing the apron.

Durable, does not easily tear.

Easy reach pockets on each side with perfect depth for storing and retrieving items and tools.

+ Reversible (identical on each side).

+ Better protects from stiff dog hair penetrating the material and sticking to the groomer.

+ Increased protection from water during the bathing cycle.

+ Even stronger against catching and tearing.

PERFORATED FABRIC HairLESS APRON

Easy to clean with a damp cloth, no clothes washer needed.

Disinfect with a spray disinfectant.

Fast drying, generally within minutes without removing the apron.

Durable, does not easily tear.

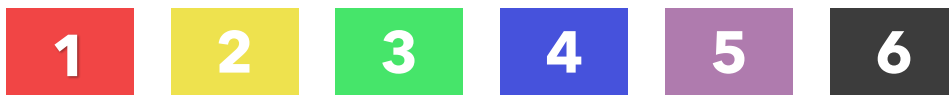

Easy reach pockets on each side with perfect depth for storing and retrieving items and tools.

+ Lighter and cooler to wear.
